# About us

Founded in Istanbul in 2019, Mastercup Tekstil produces molded PU foam cups laminated with polyester knitted fabric, on 2,000 m² with a capacity of 500,000 cups per month. We supply bra, swimwear, seamless activewear and evening and bridal gown manufacturers with cups made to their model.

Series and custom-mold cups for evening and bridal gown manufacturers, with fabric and color options.

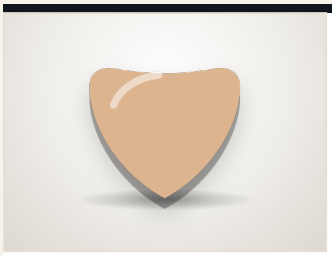

| | |
|---|---|
| Thickness | **On request** |
| Sizes | **70–110+** |
| Mold | **Single / Double** |
| Fabric and color | **On request** |

# Cup models

Every model can be produced padded or unpadded.

## PADDED

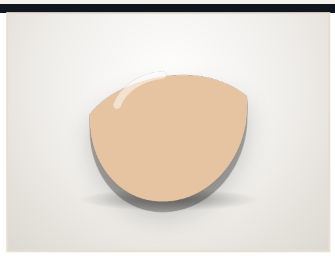

### Triangle

Light, minimal form with open spacing between cups. Common in bralettes and swimwear.

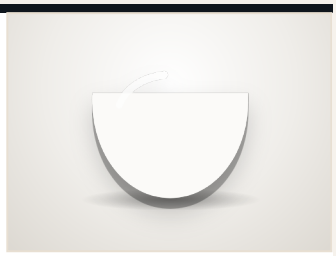

### Round (T-shirt)

Smooth, rounded form for a seamless look under thin garments.

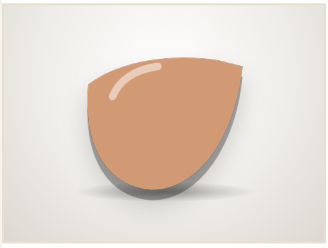

### Push-up

Fuller at the base, shaping upward and inward.

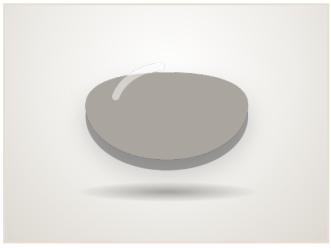

### Balconette

Straight horizontal top edge with a wide neckline opening.

### Plunge (Deep V)

Angled inward to suit deep V necklines.

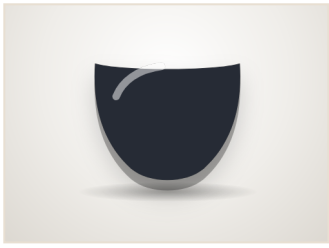

### Bandeau

Strapless, straight-lined, wide and low profile.

### Full Coverage

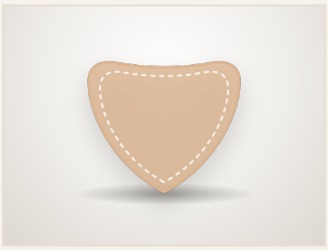

High, wide coverage for supportive everyday wear.

### Contour (U-Cup)

Deep U shape for a full, rounded look.

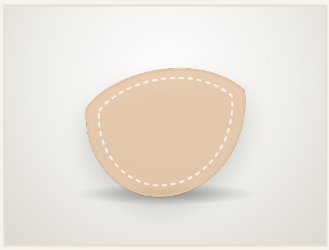

## UNPADDED

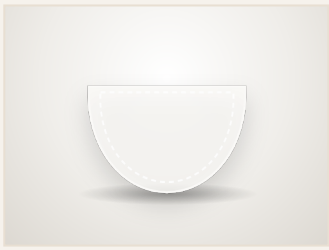

### Triangle

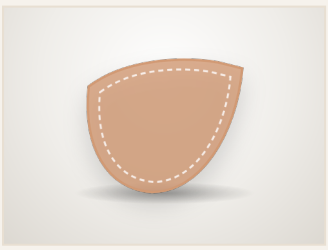

### Round (T-shirt)

### Push-up

### Balconette

### Plunge (Deep V)

### Bandeau

### Full Coverage

### Contour (U-Cup)

# Where our cups are used

- Bras: everyday, T-shirt, push-up, balconette, sports
- Swimwear: bikini tops, one-piece, tankini
- Bustiers and strapless lingerie
- Seamless activewear: sports bras, tops, sets
- Evening and bridal gowns
- Nightwear, bodysuits, shapewear, maternity, dance and stage wear, fashion tops, costumes

# How to order

Send us the garment type, cup shape (padded or unpadded, single or double mold), sizes and quantities per size, thickness (or your garment fabric), color and the date you need. We will prepare an offer.
